I am a passionate Designer that believes in innovation, quality and detail. My objectives are to design visual solutions to communicate information and messages that interact, persuade, and compel target audiences effectively. To create graphic solutions in print, digital, environmental, multimedia, and web design that is highly conceptual and unique. I am always discovering ways to improve and push limits. I am also a forward-thinker and always strive to keep up with new technologies and media to create more innovative ways to visually and effectively communicate ideas.

WORK EXPERIENCE

Design Works Studio, Inc. (March 2009-September 2009) - Arlington, TX

Intern/Advertising Designer

Create award-winning ideas and concepts for print and digital communications to a target audience; present and communicate creative ideas through the preparation of presentation boards, models and physical samples; design visual and graphical element to implement creative ideas onto intended media; develop copy language to enhance the communicated message; develop and produce designed items into production ready output; and oversee production of created pieces to ensure produced items match intended design.
